

ANGEL ON A LEASH

I've got a story
And I know I'm not alone.
My body's in trouble -
In my life that's all I've known.

But there's a furry friend that I'm happy to see
When he comes to my door,
He loves me unconditionally,
With four paws on the floor.

My Angel on a Leash
Leading to my heart.
Hope will light the way
Give me strength to live another day....

Angel on a Leash,
His soul is in his play,
He gives his love away
Gentle hero of the day.
